

Decimals and Percentages

Wk 5-6

Essential Vocabulary – Geography

Meander, transpiration, surface runoff, throughflow, floodplain, lower course, middle course, upper course

Wk 4-6

Computing – Programming

Literacy Tree – Writing
Freedom Bird

Wk 4 - 6

Essential Knowledge – Geography

- I know North America is made up of 23 countries. I know land use is how humans use land. I know the amount of water on earth is constant, most is saltwater stored in oceans. Most freshwater is stored as ice or underground. I know the process of the water cycle. I know what the upper course, lower course and middle course of a river is. I know that North America is located west of Europe, North of South America and northwest of Africa. I know North America is surrounded by the Arctic, Atlantic and Pacific.
