**Essential Knowledge – History**

Europe is made up of 50 countries; Russia is split across Asia and Europe. Tourism is the business of supporting and encouraging people to visit a place for fun. We can categorise effects into social, economic and environmental. The Alps stretch across France, Italy, Switzerland, Austria and other countries. They are popular with tourists, whose visits have positive and negative impacts. The Amalfi Coast is in Italy and there are a variety of human and physical features along the Amalfi Coast. It is popular with tourists, and this has positive and negative impacts. Many people rely on tourism, and it needs to be managed sustainably.
