Essential Knowledge – Geography & History  
Prehistoric is a time when there were no written records of people or events. The stone age began around 2.5 million years ago and ended around 2400 BC. The stone age lasted for so long it has been split into 3 parts: Old Stone Age (Paleolithic), Middle stone age (Mesolithic), New stone age (Neolithic). To know what Skara Brae is and understand that it was inhabited between about 3100BC and 2500BC with only minor changes of lifestyle. West Kennet Long Barrow was built around 3650 BC and used for at least 1,000 years. Understand the chronology of the Stone Age. Understand what an Archaeologist is and does.
