

July 2026

Dear Parent/Carer

As promised, we have assessed the weather for tomorrow and decided it is unsafe for the children to perform for an hour in the sun.

We know how disappointing this is for the children, parents and us so we are still keeping the picnic element of the day as there are sufficient shady areas spread out across the school to facilitate this.

You are welcome to join us at 12pm for the picnic and afterwards children's work will be on display in school. Parents will be welcome to take their children home authorised for the afternoon if they choose to do so.

Please can you complete the form below if you think you will attend the picnic and/or take your child home. This will help us to plan for the afternoon, with the children remaining in school to be able to remain in the cooler spaces.
