

Getting Started

Parent login instructions

Follow these steps to access your child's Little Reading Wins profile.

01

Sign in

Scan the QR code or visit: little-reading-wins.glide.page

1. Enter your email address.
2. Check your inbox for your PIN and enter it when prompted.
3. Complete the details on the sign-in screen and select **Parent**.
4. Select your child's name (if you have siblings, just select one child for now).
5. Enter your **School Joining Code** when prompted.

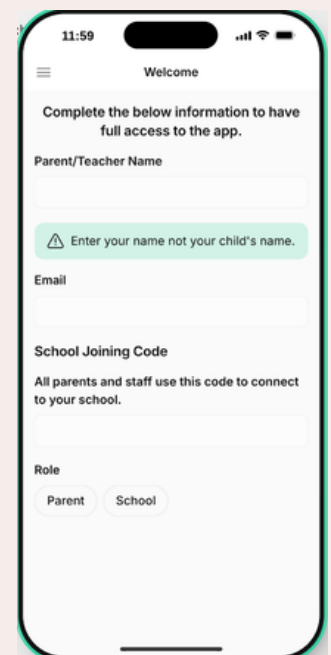

Using a mobile or tablet?
Don't forget to tap 'Add to Home Screen' when prompted to easily access Little Reading Wins from your device.

Your School Joining Code will be provided by your school.

02

Email addresses

Up to two parent/carer email addresses can be linked to each pupil, allowing both parents/carers to log their child's reading. Ensure you sign in using the primary email address your child's school has on file for you. This links your account directly to your child's profile.

03

Your login is now complete!

You can now access all features of the Little Reading Wins App. Begin logging your child's reading, finding recommended books, completing daily challenges or browsing useful tips to support your child with reading at home.

Please note:

- Little Reading Wins requires parents to use the personal email address that the school currently uses for school communications. Other emails or business email addresses cannot be used for parent accounts.
- If you have siblings in the same school, you will be able to access all sibling reading profiles via the same login. Simply use the dropdown menu on the 'welcome' tab to select the child you would like to view.
